Sample License & Clearance

Producer Space Sample Library

This document is the official license and clearance statement for the entire **Producer Space** sample library. It applies to all samples, sample packs, loops, one-shots, vocals, MIDI files and related audio content distributed by Producer Space, past and present.

LICENSE

All Producer Space samples are released to the public domain under the **Creative Commons CC0 1.0 Universal (Public Domain Dedication)**. The full legal text is available at creativecommons.org/publicdomain/zero/1.0/legalcode.

GRANT OF RIGHTS

Any person or entity is hereby granted an **irrevocable, worldwide, royalty-free, non-exclusive** right to use, reproduce, modify, adapt, and distribute these samples in their own works — including **commercial releases, monetized content, remixes, and client work** — with **no attribution required** and no further permission needed.

Producer Space and Creative Nevada Limited retain no claim to royalties, ownership, publishing, or performance rights in any work created using these samples. You do not need to sign any agreement, create an account, or notify us to exercise these rights.

For distributors & rights administrators: this document serves as written confirmation that the artist named in the associated release holds full clearance to use Producer Space samples commercially. This statement is publicly and permanently hosted at producerspace.com/license and may be relied upon and verified directly at that URL.

NO WARRANTY & DISCLAIMER

The samples are provided **“as is”**, without warranty of any kind, express or implied. To the fullest extent permitted by law, Producer Space and Creative Nevada Limited **disclaim all liability** and make no representations or warranties regarding the samples or their use. Your rights and use are governed **solely** by the CC0 1.0 Public Domain Dedication referenced above; Producer Space

and Creative Nevada Limited are not a party to, and accept no responsibility for, any work, release, or distribution you create using the samples.
